

Leaving School in 2019?
Interested in Manufacturing?

An **APPRENTICESHIP** at **Panelvan**
Conversions may be what you are looking for!

Panelvan Conversions have been in business for over 20 years and specialise in the fit out and manufacturing of refrigerated truck bodies. We manufacture to suit specifications such as frozen, chilled, multi-temperature split systems. We have also converted multiple vans and trucks for the NRMA, RTA and RSPCA.

Learn skills such as:

- Manufacturing truck bodies.
- Design and manufacturing of transport refrigeration units.
- Repair of transport refrigeration and air-con systems.
- Welding, design and manufacturing.
